

MEDICAL MATH CONTEST

OVERVIEW

The Medical Math contest evaluates the students' ability to understand and solve mathematical problems commonly used in the various health care settings.

THE CONTEST

- The contest consists of a written exam which will be administered online through a secure testing platform.
- Contestants must create a one-page résumé and submit via electronic upload. Failure to do so will result in a 10-point penalty.

See SkillsUSA Technical Standards for contest guidelines and standards and competencies measured.

CONTEST SUBMISSION PROCEDURES

- Contest items must be submitted electronically through the contest submission form.
- Contestants will receive online testing platform instructions and login credentials to participate in the online written exam.

DEADLINE

All contest items must be received by Tuesday, February 15, 2022, through the contest submission form.
